BODY AND MIND

Everybody knows that exercise is good for you. But what about exercise of the mind – how can that help you? *Teenage Mag* spoke to Dr Bathurst, a yoga teacher, about the **benefits** of yoga.

TM: Many people think that yoga is a slow, boring activity. Tell us why it isn't.

Dr B: Well, yoga is about body and mind. Your mind and your body are working together, and it can be quite fast too. You can't always see that though. You stretch your body, you know, make it longer, and you do the same with your mind. In yoga, you have to get your body into some difficult positions, for example, standing on one foot and moving your whole body forward. Your mind can help you do this. If you look at one place and just think about that, then it's easier. This is something you can learn to do. For young people, who enjoy sport, yoga can help them think, you know, **concentrate**. In football, for example, people are always shouting at you and telling you what to do. If you can concentrate, then you have a better chance of scoring a goal. Yoga can help with school studies too.

TM: And can it help if you're ill? If you break your arm, or if you get toothache?

Dr B: Well, then you have to go to the doctor or the dentist, but if you know how to **relax**, you'll get better faster.

TM: And yoga can help you **avoid** some injuries, can't it?

Dr B: Yes. It's perhaps more important with older people but it's good to get used to it when you're younger. Before you exercise you should always **warm up**. This is so that your body is warm and you can stretch more without hurting yourself.

TM: Thank you very much! Here at *Teenage Mag* we're going to all try out a yoga class.

Comments

I love yoga, or any of these activities. It's really important to be able to concentrate.

Celine, Switzerland

My basketball coach makes us do warm-up exercises before we have a match. He always shouts out 'You'll play better if you stretch!' Now I understand why!

Herbie, Argentina

This is true. My friend injured her ankle and the doctor said that it was because she hadn't warmed up properly.
